

UEPG Sustainable Development Awards 2020

Company: Aggregate Industries Ltd

Location: Coalville, United Kingdom (UK)

**Managing health and safety on a major quarry redevelopment –
Project Sence – Bardon Hill Quarry**

Aggregate Industries' unique project of is the largest quarrying activity. The creation of a strong safety culture for everyone working on the project has been fundamental to its success together with a fully integrated approach to managing all aspects of health and safety. An emphasis was placed on key areas of the activity. The processes put in place to support them have ensured effective control of the main health and safety issues associated with a project on this scale.
